

Stellar Outlook Duplicate Remover

User Guide

Version 6.0

Overview

Duplicate items are often present in the Outlook mailbox. Multiple copies of a mail are saved when replies or forwarding is done to many persons. Duplicate mails can be present anywhere from Inbox or Outbox folder to Sent Items folder. These duplicate mails, unnecessarily increase the size of PST files. Your PST file can get oversized than its prescribed limit and get corrupted. Large sized PST files often slow the system.

Stellar Outlook Duplicate Remover is a powerful software to remove duplicate items from MS Outlook mailboxes. The application easily and precisely removes duplicates according to the set comparison criteria. A wide range of comparison criteria is given in the software. You can compare and mark the mails as flagged, expired, copy or move the duplicate mails to a folder. You can also delete the duplicate mails to move them in deleted items folder or delete them permanently.

What's new in this version?

- Support for Windows 10
- Support for MS Outlook 2013, 2016

Key Features

- Simple and easy-to-use interface
- Removes duplicate MS Outlook items precisely
- Duplicate e-mail items can be flagged
- Duplicate e-mail items can be marked as expired
- Duplicate e-mail items can be Copied/Moved to folder
- Duplicate e-mail items can be moved to 'Deleted Items' folder
- Duplicate e-mail items can be permanently deleted
- Any number of mailbox e-mail folders can be selected at a time for detecting duplicates
- Time range of e-mails and other items can be set for finding duplicates items
- A number of duplicate matching criteria are provided

- Allows duplicate scanning criteria like text, subject, sender e-mail, sender name, receiver name, internet header, date and time of sending, and attachment files
- PST file size is reduced by removal of duplicate mails
- Support for MS Outlook 2016 / 2013 / 2010 / 2007 / 2003

Installation Procedure

Before installing the software, ensure that your system meets the minimum system requirements.

Minimum System Requirements

- **Processor:** Pentium
- **Operating System:** Windows 10 / 8.1 / 8 / 7 / XP
- **Memory:** 1 GB
- **Hard Disk:** 100 MB of free space
- **MS Outlook:** 2016 / 2013 / 2010 / 2007 / 2003

To install the software:

1. Double-click **StellarOutlookDuplicateRemover.exe** executable file to start installation. Setup - Stellar Outlook Duplicate Remover dialog box is displayed.
2. Click **Next**. License Agreement dialog box is displayed.
3. Choose **I accept the agreement** option. Next button will be enabled. Click **Next**. Select Destination Location dialog box is displayed.
4. Click **Browse** to select the destination path where the setup files will be stored. Click **Next**. Select Start Menu Folder dialog box is displayed.
5. Click **Next**. Select Additional Tasks dialog box is displayed.
6. Select check boxes as per your choice. Click **Next**. Ready to Install dialog box is displayed.
7. Review your selections. Click **Back** if you want to change them. Click **Install** to start installation.
The Installing window shows the installation process.

On completion of the installation process, Completing the Stellar Outlook Duplicate Remover Setup Wizard window is displayed. Click **Finish**.

Ordering the Software

Click <http://www.stellarinfo.com/email-repair/duplicate-outlook-remover.php> to know more about **Stellar Outlook Duplicate Remover**.

To purchase the software online, please visit <http://www.stellarinfo.com/email-repair/duplicate-outlook-remover/buy-now.php>

Once the order is confirmed, a Registration Key will be sent to you through e-mail, which would be required to activate the software.

Registering the Software

The demo version is just for evaluation purpose and must be eventually registered to use the full functionality of the software. The software can be registered using the Registration Key which you will receive via email after purchasing the software.

To register the software:

1. Run demo version of **Stellar Outlook Duplicate Remover** software.
2. Click **Register** button. *Register* dialog is displayed as shown below.

3. Choose 'I don't have the registration key' (Use this option if you have not purchased the product) or select 'I have the registration key' (Use this option if you have already purchased the product).

To register the software, when you do not have a registration key, follow the steps given below:

1. In the *Register* dialog, select '**I don't have the registration key**' option. Click **OK**, to go online and purchase the product.
2. Once the order is confirmed, a Registration Key will be sent to the email provided at the time of purchase.
3. In the *Online Registration* dialog, type the **Registration Key** and click **Register** button (Please ensure that you have an active Internet connection).

4. ' *Activation Completed Successfully* ' message is displayed after the process is completed successfully. Click **OK**.

To register the software, when you have a key, follow the steps given below:

1. In the *Register* dialog, select '**I have the registration key**' option.
2. You can choose either 'Online Registration' (Use this option to register the software over Internet) or 'Offline Registration' (Use this option to register the software manually / through e-mail if for any reason, Internet connection is unavailable).

- **Online Registration**

Online Registration is possible only when an active Internet connection is available.

- **To register the software online:**

1. From the *Register* dialog, select **Online Registration**. Click **OK**.

2. An **Online Registration** dialog box will appear.

3. Type the **Registration Key** (received through email after purchasing the product) in the field of Registration Key. Click **Register**.

4. The software would automatically communicate with the license server to verify the entered key. If the key you entered is valid, software will be registered successfully.

Offline Registration

Offline Registration enables you to register the product when your computer does not have an Internet connection.

- **To register the software offline:**

1. From the *Register* dialog, select **Offline Registration**. Click **OK**.

2. An **Offline Registration** dialog box will appear displaying **Registration ID** in its respective field.

3. To get your License Key, which is required to register the software manually, you need to mail the listed **Registration ID** to support@stellarinfo.com.
4. A License Key will be sent to your email address after verifying the Registration ID and purchase details by *Stellar Technical Support*.
5. After receiving the License Key, open **Stellar Outlook Duplicate Remover**. In *Register* dialog, select '**I have the registration key**'.
6. Select **Offline Registration** and click **OK**.
7. Enter the **License Key** received through email in the field of License Key.

8. Click **Register** to activate the software. A confirmation message is displayed if a valid key is entered. Click **OK**.

Transfer License

Stellar Outlook Duplicate Remover allows you to transfer the license of the registered software to another computer on which you want to run the software with full functionality. This operation deactivates the product on your current computer so it can be reactivated on the new computer.

To transfer a software license from one computer to another, please follow the specific steps below:

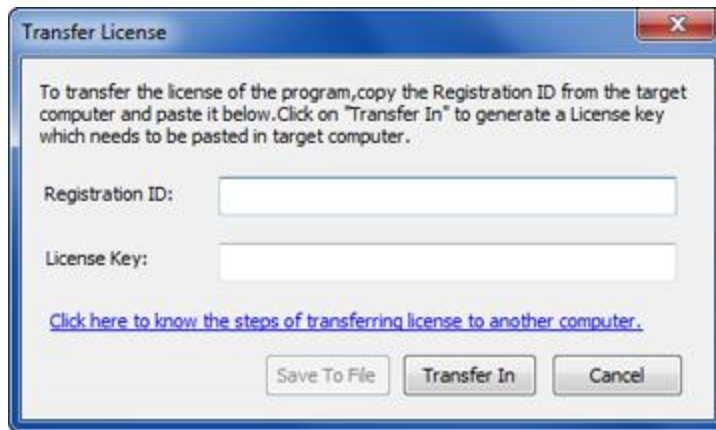

On Target Computer:

1. Run demo version of the software.
2. Click **Register** button. A new dialog appears.
3. From the **Register** dialog, select **Offline Registration**. Click **OK**.
4. An **Offline Registration** dialog box will appear displaying **Registration ID** in its respective field.

On Source Computer:

1. Run registered version of **Stellar Outlook Duplicate Remover** software.
2. Click **Transfer License** button.

3. Copy the **Registration ID** displayed on the Target Computer in the field of Registration ID on the Source Computer.
4. To get your License Key, click **Transfer In** button on Source Computer. This will generate a License Key.

5. You can also save the License Key generated on the source computer. Click **Save To File** button to save the Registration ID and the License Key. In **Save As** dialog box, select the location where you want to save the details. Click **Save**.
6. '*License Key saved successfully* ' message is displayed after the saving process is completed successfully. Click **OK**.

This will deactivate the product on Source Computer and you will no longer be able to use the software anymore on this computer.

On Target Computer:

1. Type the **License Key** which you have generated on the Source Computer in the provided field of License Key.

2. Click **Register** to complete the activation process.
3. '*Activation Completed Successfully* ' message is displayed after the process is completed successfully. Click **OK**.

Features

Stellar Outlook Duplicate Remover software is a powerful application to remove duplicate mails from Microsoft Outlook. It provides options for selecting mail folders, setting a scan criteria and executing preferred action on the duplicate mails. A log report is also provided to review the process at later stage. Its main features are:

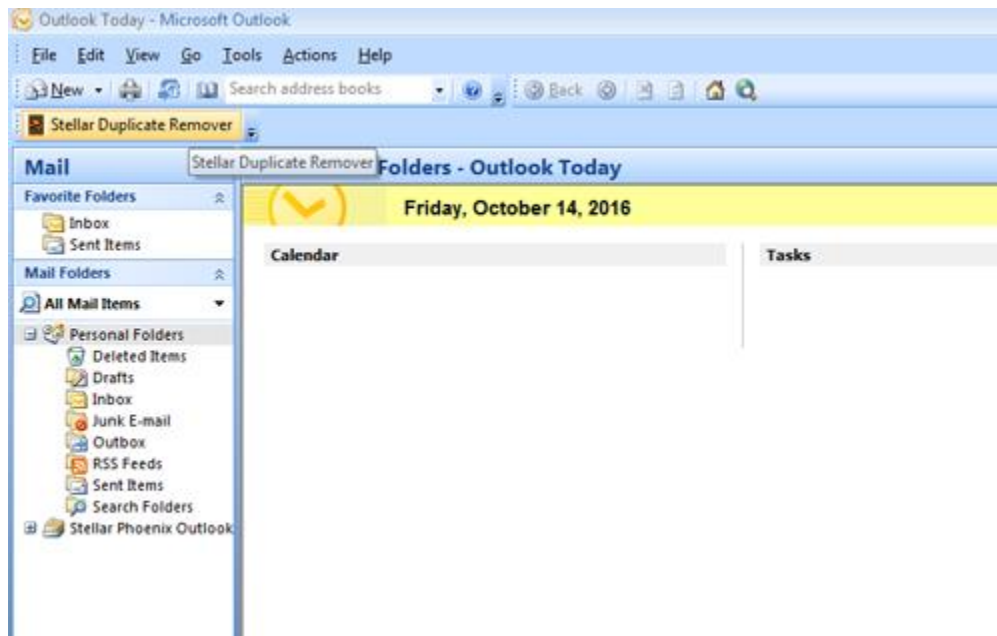

- Works as Add Ins Application
- Time Span
- Comparison Criteria to Scan Duplicates
- Personalized Action on the Duplicates

Works as Add Ins Application

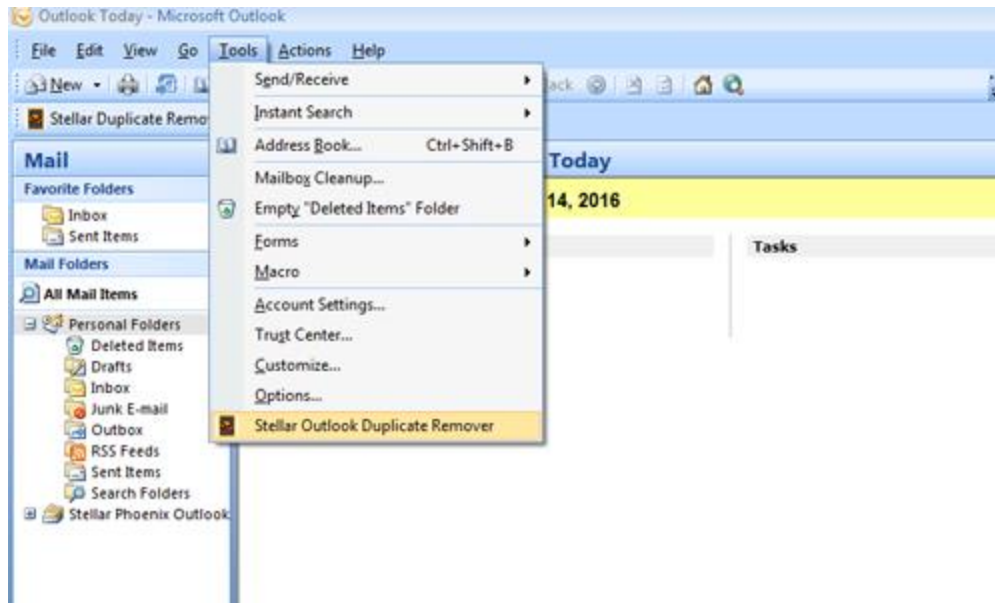

When **Stellar Outlook Duplicate Remover** software is installed, no desktop icon or link in program file menu is added. A link button to the software is added to MS Outlook application tool bar, in the form of icon. Also, an option is added in MS Outlook **Tools** menu.

To start **Stellar Outlook Duplicate Remover** application, follow these steps.

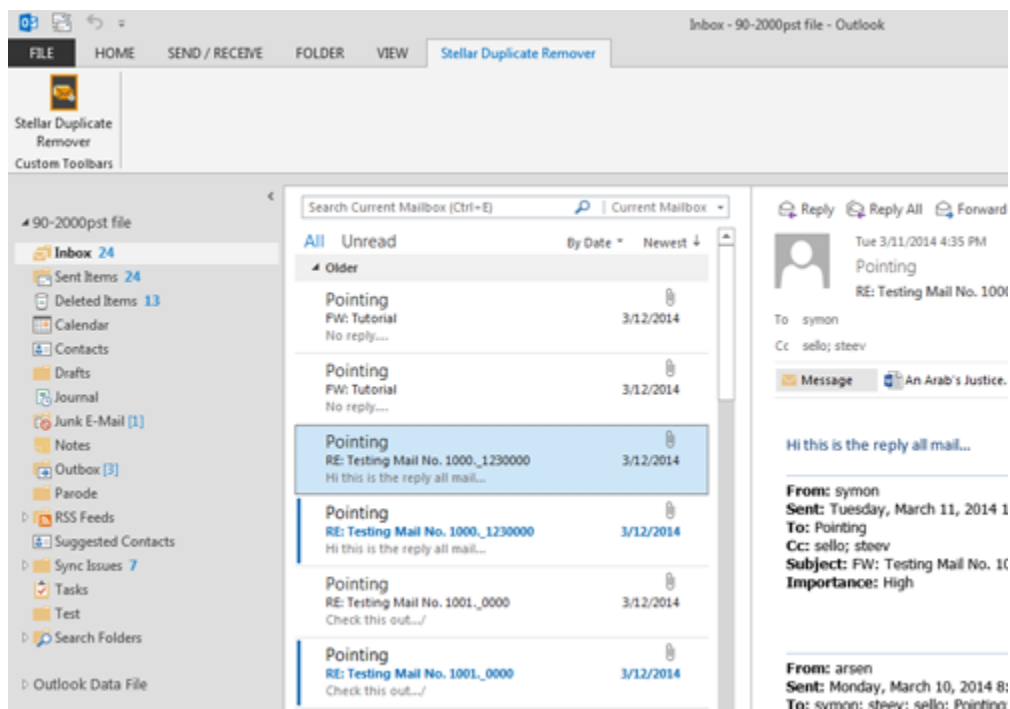

1. In **MS Outlook** application,
 - Click on the **Stellar Duplicate Remover** link in MS Outlook tool bar.

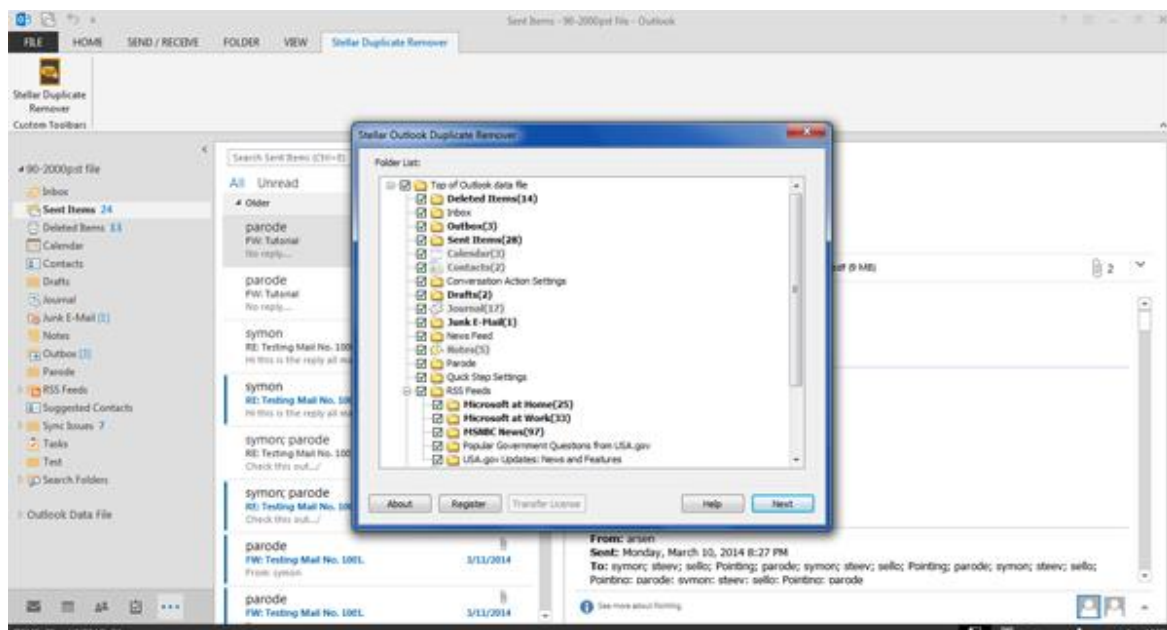

- Or, on **Tools** menu, click **Stellar Outlook Duplicate Remover** option.

- Or, on **Stellar Duplicate Remover** menu, click **Stellar Duplicate Remover** icon.

- After launching the program, you will see the screen as shown below:

Stellar Outlook Duplicate Remover makes use of the following buttons:

Click this button to read more information about the software.

Click this button to register the software after purchasing.

Click this button to transfer the license of the registered software to another computer.

Click this button to open the help manual for **Stellar Outlook Duplicate Remover**.

Click this button to move to the next window of the application.

Click this button to start the process.

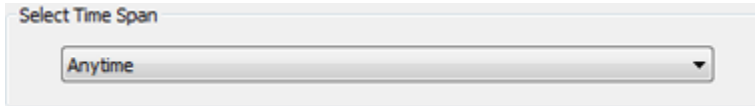

Click this button to move to the previous window of the application.

Click this button to save the log report.

Click this button to close **Stellar Outlook Duplicate Remover** add-in.

Time Span

Stellar Outlook Duplicate Remover allows its users to select a time range. Mail items falling within the selected time period will be checked for duplicates.

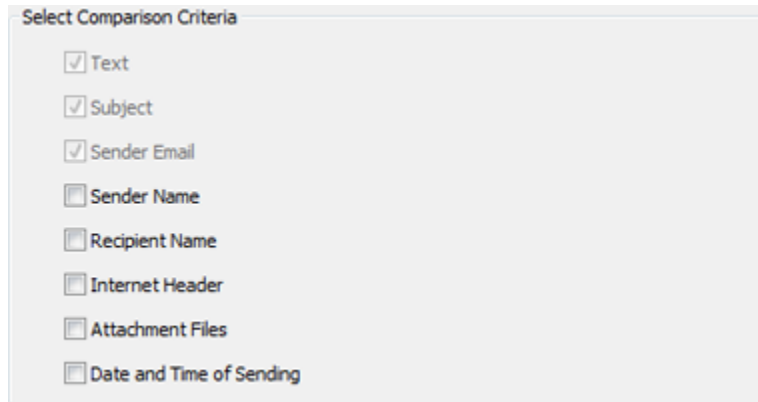

A screenshot of a software interface element titled "Select Time Span". It features a dropdown menu with a light gray background and a thin border. The word "Anytime" is displayed in the center of the dropdown, and a small downward-pointing arrow is visible on the right side of the menu box.

Time span options

- **Last Day:** Mail items sent or received on the last day (previous day) will be scanned for duplicates
- **Last 2 days:** Mail items sent or received in last 2 days will be scanned for duplicates
- **Last 5 days:** Mail items sent or received in last 5 days will be scanned for duplicates
- **Last 10 days:** Mail items sent or received in last 10 days will be scanned for duplicates
- **Last 20 days:** Mail items sent or received in last 20 days will be scanned for duplicates
- **Last 30 days:** Mail items sent or received in last 30 days will be scanned for duplicates
- **Last 50 days:** Mail items sent or received in last 50 days will be scanned for duplicates
- **Last 75 days:** Mail items sent or received in last 75 days will be scanned for duplicates
- **Last 100 days:** Mail items sent or received in last 100 days will be scanned for duplicates
- **Last year:** Mail items sent or received last year will be scanned for duplicates
- **Anytime:** All the Mail items sent or received will be scanned for duplicates

Comparison Criteria to Scan Duplicates

Stellar Outlook Duplicate Remover gives various matching criteria options to find duplicate mail items. You can choose from a list of criteria available before scanning your mailbox.

Select Comparison Criteria

- ☒ Text
- ☒ Subject
- ☒ Sender Email
- ☐ Sender Name
- ☐ Recipient Name
- ☐ Internet Header
- ☐ Attachment Files
- ☐ Date and Time of Sending

Comparison Criteria

- **Text:** Two mails will be regarded as duplicate if their content is same. This is checked by default.
- **Subject:** Two mails will be regarded as duplicate if their subject is same. This is checked by default.
- **Sender Email:** Two mails will be regarded as duplicate if they are sent by same Email ID. This is checked by default.
- **Sender Name:** Two mails will be regarded as duplicate if their sender name is same.
- **Receiver Name:** Two mails will be regarded as duplicate if their receiver name is same.
- **Internet Header:** Two mails will be regarded as duplicate if their internet header is same.
- **Attachment Files:** Two mails will be regarded as duplicate if they have same attachment.
- **Date and Time of Sending:** Two mails will be regarded as duplicate if their date and time of sending is same.

Personalized Action on the Duplicates

After scanning of the mail items is over. You can set an action to be taken on the found duplicate mail items according to your choice.

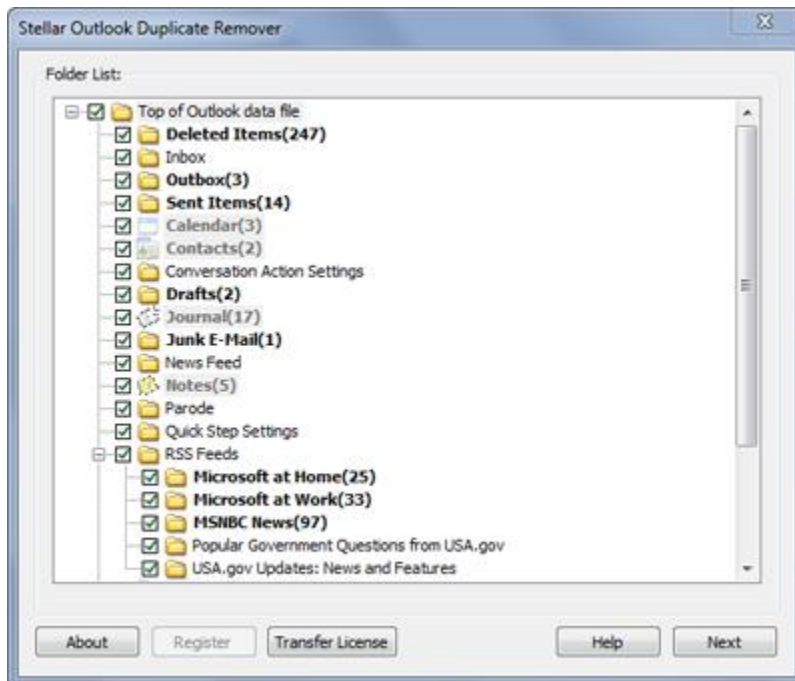

The image shows a 'Select Action' dialog box. At the top, it says 'Select Action'. Below that is a dropdown menu with 'Mark with the flag' selected. Underneath the dropdown is a text input field labeled 'Folder:' and a 'Select' button.

Available Action

- **Mark with the Flag:** All the duplicate mails found will be marked as flagged
- **Mark as Expired:** All the duplicate mails found will be marked as expired
- **Copy to folder....:** All the duplicate mails found will be copied to a folder
- **Move to folder....:** All the duplicate mails found will be moved to a folder
- **Delete (move to Deleted Items folder):** All the duplicate mails found will be moved to Deleted Items folder
- **Deleted permanently:** All the duplicate mails found will be permanently deleted and will not be recovered

Select Folder(s) to Scan for Duplicates

- Launch **Stellar Outlook Duplicate Remover**.
- Folder List window appears as the home screen of the application. A list of all user mailboxes existing in MS Outlook is shown as a tree. Folder named **Top of Outlook data file** is the root node.
- Select any folder to select all the sub folders under that node. You can also individually select folders. Mail items in the selected folders will be matched for duplicates.

Remove Duplicate Mails

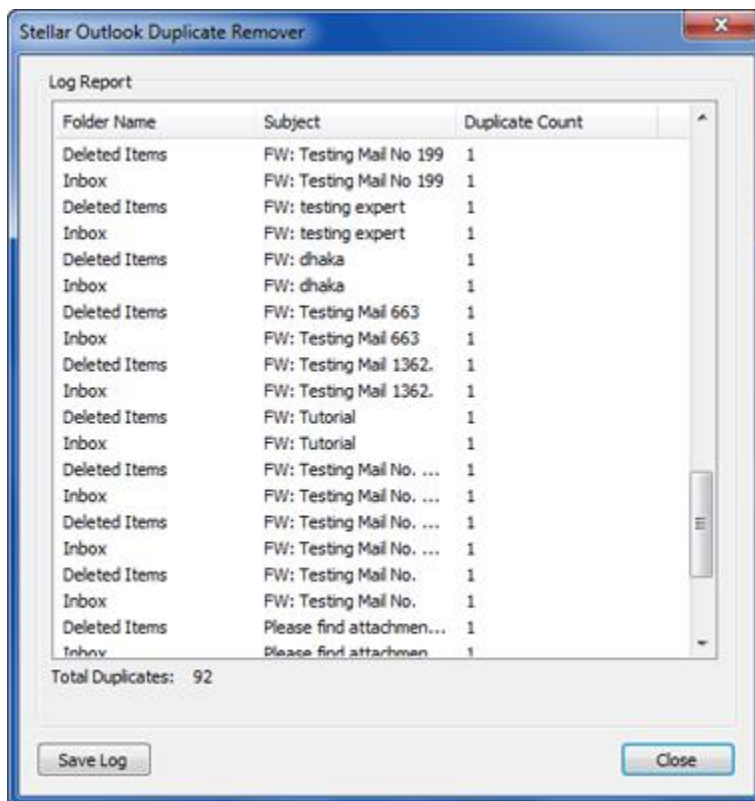

- Launch **Stellar Outlook Duplicate Remover**.
- Select Folder(s) to Scan for Duplicates
- Click **Next** button.
- Select Time Span. This section lets you define the time range within which the software will check for duplicates in email items.
- Select **Any time** option in drop down list to include all the mail items
- Or, select the appropriate time span from the list (Last day, Last 2 days, Last 5 days, Last 10 days, Last 20 days, Last 30 days, Last 50 days, Last 75 days, Last 100 days, Last year).
- Select **Comparison Criteria** that will be used to match mails for duplicates.
- Select Action that will be executed on the found duplicate items.
- Click **Run Process** button to start removing duplicates from Outlook.

Save Log Report

Log report helps to analyze the process and activities executed by user and the application. **Stellar Outlook Duplicate Remover** gives an option to save the log report of all its activities as text.

To save log report shown at end of the process, follow these steps:

- Click **Save Log** button in the application. **Save As** dialog box is displayed.
- Select location and type a name for the log file.

- Click **Save**. A message confirms the save process. Click **OK**.
- Click **Close** button to close the log window.

FAQs

1. What does the demo version of the software do?

Demo version of the software is only for evaluation purpose. To use the full functionality, you need to purchase and register the product.

2. What is Stellar Outlook Duplicate Remover?

Stellar Outlook Duplicate Remover is a powerful software to remove duplicate items from MS Outlook mailboxes. The application easily and precisely removes duplicates according to the set comparison criteria.

3. What is need to find duplicate mails?

MS Outlook stores all the mail items in a PST file. Eventually this file becomes oversized with time. Oversized PST files are prone to corrupt so they must be compacted whenever oversized. Stellar Outlook Duplicate Remover finds duplicates and prevents the files from over sizing.

4. Can I extract all my duplicate mails in a separate folder?

Yes, you can move all mails in a separate folder. To do this, choose the **Copy to folder...** in **Select Action**.

5. I don't remember the mail items I deleted last time. Is there any way to know it?

Yes, Stellar Outlook Duplicate Remover gives an option to save the log report of all its activities as text. Open the log report and view the items deleted last time.

6. I want to run the software on selected folders of PST files. Can I choose some selected mailbox folders in the application?

Yes, you can set the application to find duplicates from selected folders. To do this, select the folders in the **Select folders** dialog box and select the folders in which you want the application to find the duplicate mails.

7. I have got mails from different people with same attachment. How to delete these mails with same attachment?

To find mails with same attachments, follow these steps:

Launch **Stellar Outlook Duplicate Remover**.

Select Folder(s) to scan for duplicates

Click **Next** button

Select **Time Span**. This section lets you define the time range within which the software will check for duplicates in email items.

Select **Any time** option in drop down list to include all the mail items

Or, select the appropriate time span from the list (Last day, Last 2 days, Last 5 days, Last 10 days, Last 20 days, Last 30 days, Last 50 days, Last 75 days, Last 100 days, Last year)

Select **Attachment Files** in the **Comparison Criteria** section.

Select **Action** that will be executed on the found duplicate items.

Click **Run Process** button to start removing duplicates from Outlook.
